

"I believe that events like **#GivingTuesdayIndia and Daan Utsav** are ways for us to reach beyond ourselves. In a country where far too many people are still waiting to experience economic and social dignity, these are attempts at building an integrated society, a good samaaj, which is the true foundation of successful nations. I hope people and organisation will reach deep into their hearts and pockets to make **#GivingTuesdayIndia** honestly successful."

**Rohini Nilekani**

Leading philanthropist and a key supporter  
of **#GivingTuesdayIndia**
